

Box Control APP (version 1.0 for iOS & Android)

Highend audio control via smartphone

What's new?

- ⇒ preprogrammed remote controls for all Project devices
- ⇒ quick switch between remotes-screens
- ⇒ sort remotes via drag and drop
- ⇒ fast volume control by long pressing +/- volume keys
- ⇒ selectable volume slider in the Android version
- ⇒ search functions (album, title, artist) for NetAPI
- ⇒ FF/FR for NetAPI
- ⇒ performance improvements (faster and clearer menu in NetAPI & UPnP)
- ⇒ proper sorting of tracks within an album via UPnP
- ⇒ compatibility improvements with UPnP servers
- ⇒ stability improvements
- ⇒ special characters in music tracks are now displayed correctly
- ⇒ album art on lockscreen control

Box Control APP is a special development for full control of Box Design network audio players, that takes advantage of our own new **NetAPI interface** from Stream Box DS net (Stream Box DS works in the UPnP area). By a touch of your finger, you can play back music from **media servers, Internet radio, connected USB storage and iPods.**

Additionally **Box Control APP** will be able to operate all IR-controlled Box Design components and even 3rd party devices (like TV ...) as an universal remote control, when using our **Remote Box S**, as well without streamer!

Box Control APP is compatible with **all Stream Boxes.**

⇒ All functions

Select your favorite music from your media server, Internet radio and USB inputs

⇒ Simplicity

Simple to understand with no restrictions in functionality

⇒ Speed

Ultra-fast access to your favorite music: Start, select, play!

⇒ Elegancy

Plain and cheerful user interface for real music lovers

⇒ Smartphone = Smartphone

Available for Apple's iOS and Google's Android

free download!

Remote Box S optional available

NOTE:

The Update is quite normal on the App-Store.

To ensure that everything runs smoothly the Stream Box must also be updated to the latest firmware. (Extension of NetAPI commands) Simply via Settings - General - Software Update.

Now available:

iTunes App Store & Google Play Store
